#### Fellow Shorthorn Enthusiast:

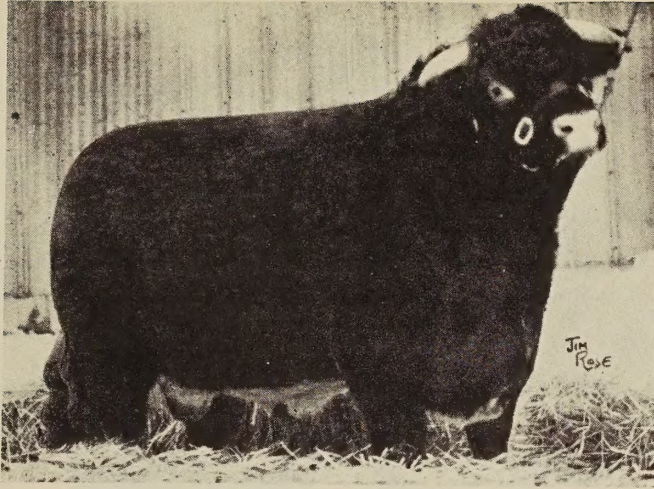

Through the purchase of championship breeding with the best in pedigrees a strong herd has been built at McDonnell Farms. For a good many months we have been preparing to really "go places" in the Shorthorn business. The cattle have done well and our enthusiasm has grown.

At the same time my business schedule has become too heavy to allow me to spend the time with the cattle that I had been anticipating with so much pleasure. With the firm conviction that these cattle have much to offer to the breed and that they will "go places" for any owner I reluctantly decided to disperse the herd and let the new owners have the advantage of their readiness to go forward.

The herd is in good, healthy condition. No effort has been made to compose flowery footnotes. The simple facts in the catalogue are given to convey a true picture of the ready state of the herd.

You are welcome to visit the herd at the farm, 4 miles west of Route 47 on No. 71, Yorkville, Illinois, at any time. The cattle will be moved to the sale pavilion on Thursday, March 28th.

CALROSSIE FORWARD MARCH  
Sire of Lot 1

KINELLAR NOVELIST (imp) placed second at Perth where he was purchased by Aberfeldy. His son, MILLBROOK NOVELIST, Lot 2, has a fine uniform group of calves in this sale. Several females carry his service.

The breeder who wishes to make real improvement in his herd will be most interested in MILLBROOK NOVELIST and his get.

CALROSSIE FORWARD MARCH (imp) sire of Lot 1 ABERFELDY WOODMAN, senior herd sire, has made a marked impression in the McDonnell Herd. He has been used quite liberally and the majority of the calves selling are sired by him.

Many of those visiting the farm have made favorable remarks about the great job ABERFELDY WOODMAN is doing.

KINELLAR NOVELIST  
Sire of Lot 2

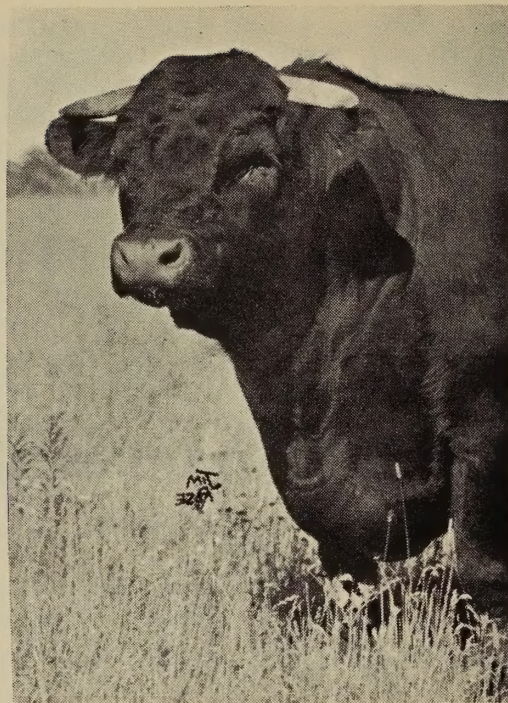

#### A MESSAGE FROM THE SALE MANAGER

This sale presents the season's top opportunity to purchase quality breeding stock, several imported or sired by imported bulls. They are not highly fitted but are in good condition and ready to go on, so you can start immediately to put that extra bloom on them in your own economical manner, just as Mr. McDonnell was planning to do.

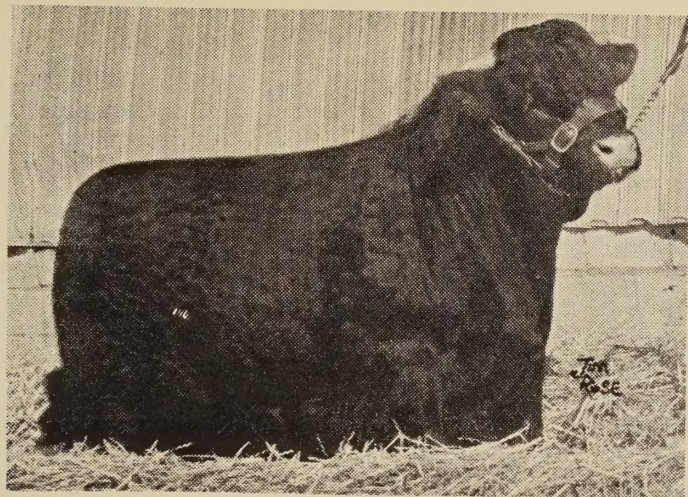

The breeding is excellent and there are several fine individuals with the ability to go to the top.

The young animals are sired by ABERFELDY WOODMAN by Calrossie Forward March out of Naemoor Buttercup Twinkle and by MILLBROOK NOVELIST, a bull by Kinellar Novelist purchased in dam, she being Burnton Clipper Cora. Both of these proven sires sell in this sale.

**ABERFELDY WOODMAN . . .** The many good calves by him that you will see in our herd attest to his ability as a sire. His sire, Calrossie Forward March, is still in service at Aberfeldy, Milton, Ontario, and his get have contributed much toward Reford Gardhouse's very successful exhibits at major Canadian shows in recent years. The sire of his dam, Calrossie High Tension, was reserve junior champion at Perth.

MILLBROOK NOVELIST . . . "Great headed, sound in the feet and legs, doing a remarkable job of siring outstanding calves," are the remarks about him by good cattlemen who have visited the farm. No gamble here, he is tried and proven. His sire, Kinellar Novelist, was second at Perth when purchased by Aberfeldy where he has sired many winners for Mr. Gardhouse including the grand champion female at both the Canadian National and Royal Winter Fair in 1961. We paid \$750 for his dam, Burnton Clipper Cora, a daughter of Calrossie Crocus Count, at the 1959 Gardhouse sale. She was carrying this calf. She sells as Lot 16. Few opportunities will be presented this season to buy a young, proven sire of this caliber.

## TERMS—CONDITIONS—GUARANTEE

1. The terms of the sale are cash.
  2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made with the clerk. Cattle will be cared for free of charge, but at purchaser's risk of loss or injury.
  3. The McDonnell Herd has a record of good health and females are prolific, as evidenced by the number of strong active calves. Calfhood vaccination for Bangs Disease has been practiced regularly for many years. All bulls and females tested for Bangs Disease within 30 days of the date of the sale. For heifers too young to be tested, certificates of vaccination will be provided. Health certificates issued by the Illinois State Veterinarian for each lot sold.
  4. A certificate of registry and transfer will be furnished for all animals and properly signed applications will be furnished for the registry of all unborn calves.
  5. Nearly every cow in the herd has a calf at foot or shows every evidence of being in calf. Every cow in the herd except those calving since January 1, 1963 and all heifers of breeding age have been pasture exposed continuously to either Aberfeldy Woodman or Millbrook Novelist as specified in the footnotes.
  6. As this is a dispersion sale, no guarantee will be given except in the cases of the 10 bulls lots 1 through 10. McDonnell Farms will guarantee the above 10 bulls to be breeders if they are maintained in as good condition as when purchased. In case they fail to prove breeders, notice must be given within six months of the date of this sale. The purchase price, without interest, will be refunded. Disposal of these animals will be at the option of the seller.
  7. Announcements from the auction box will take precedence over matter printed in this catalog.
  8. The above terms and guarantee constitute a contract between McDonnell Farms, the seller, and the buyer of each lot. Neither the Sale Manager, the persons delegated as clerks, the farm manager nor any person has authority to alter the terms of that contract nor do any of them assume any liability, legal or otherwise.
  9. All persons who attend this sale do so at their own risk and the owner of McDonnell Farms assumes no liability, legal or otherwise, for any accidents that may occur.
- A final examination for pregnancy will be made prior to the sale and the results of these examinations will be made sale day.
